

# MOA - Habitat Management within Parker Flats Reserve

Presentation to FORA Board

January 9, 2015

*Jonathan Garcia, Senior Planner*

# Overview

- Background
- MOA Summary
- Recommendation

# Background

- 2004 - California Tiger Salamander (CTS) Endangered Species Act (ESA)-listed
- 2010 – CTS CESA-listed
- Unconfirmed CTS sighting in East Garrison project area
- State 2081 Take Permit Process

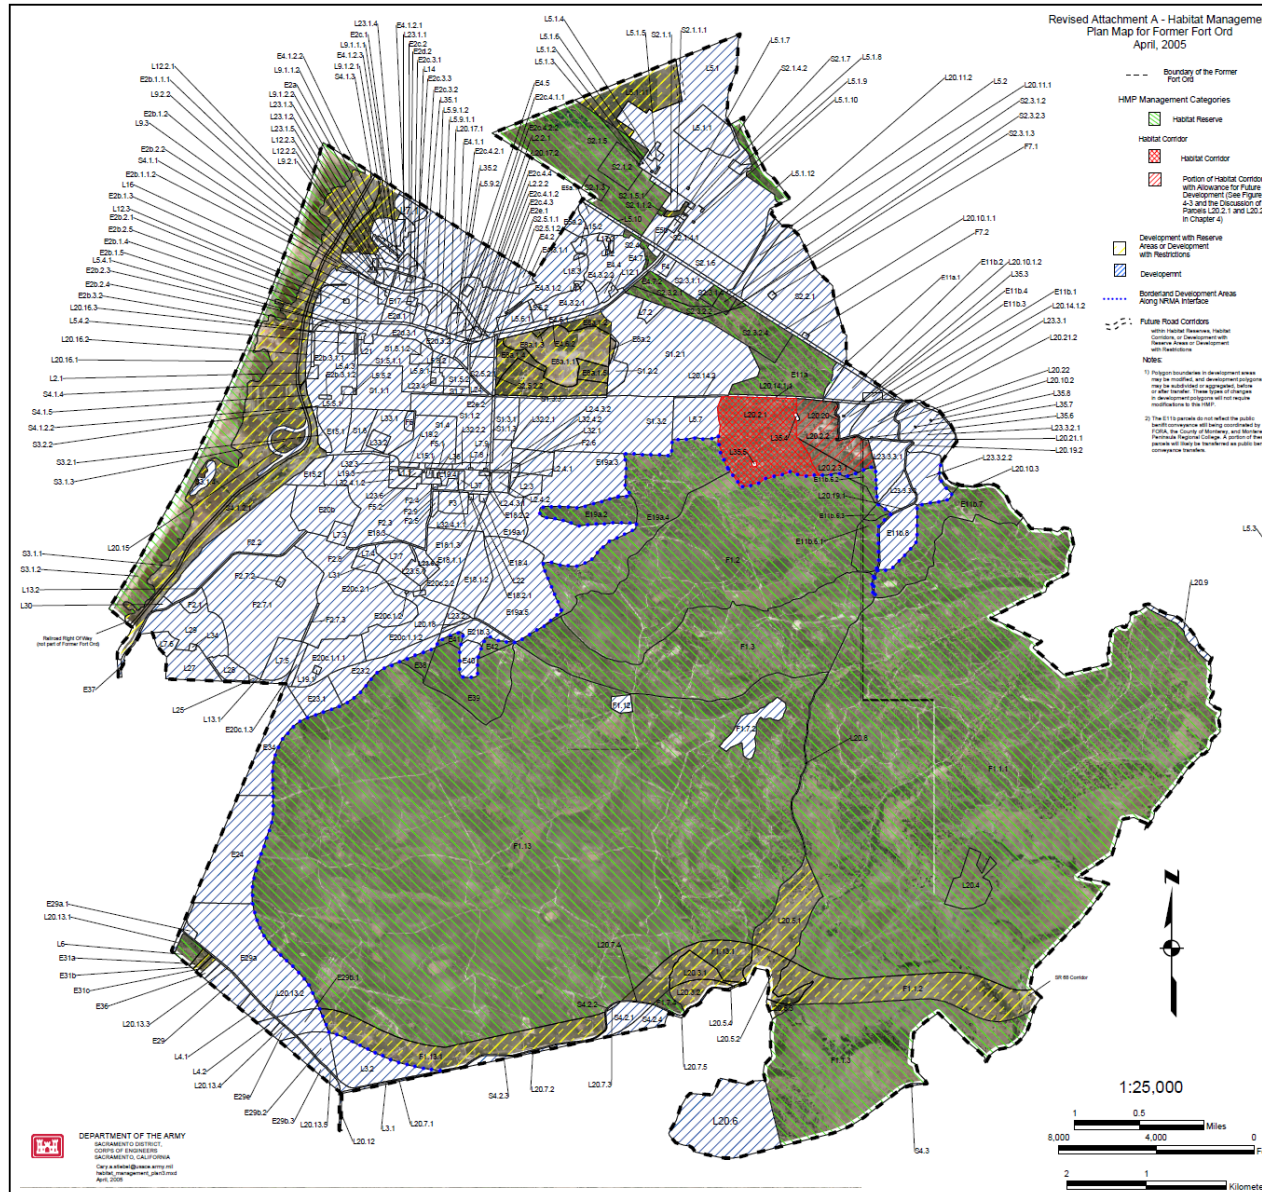

# MOA Summary

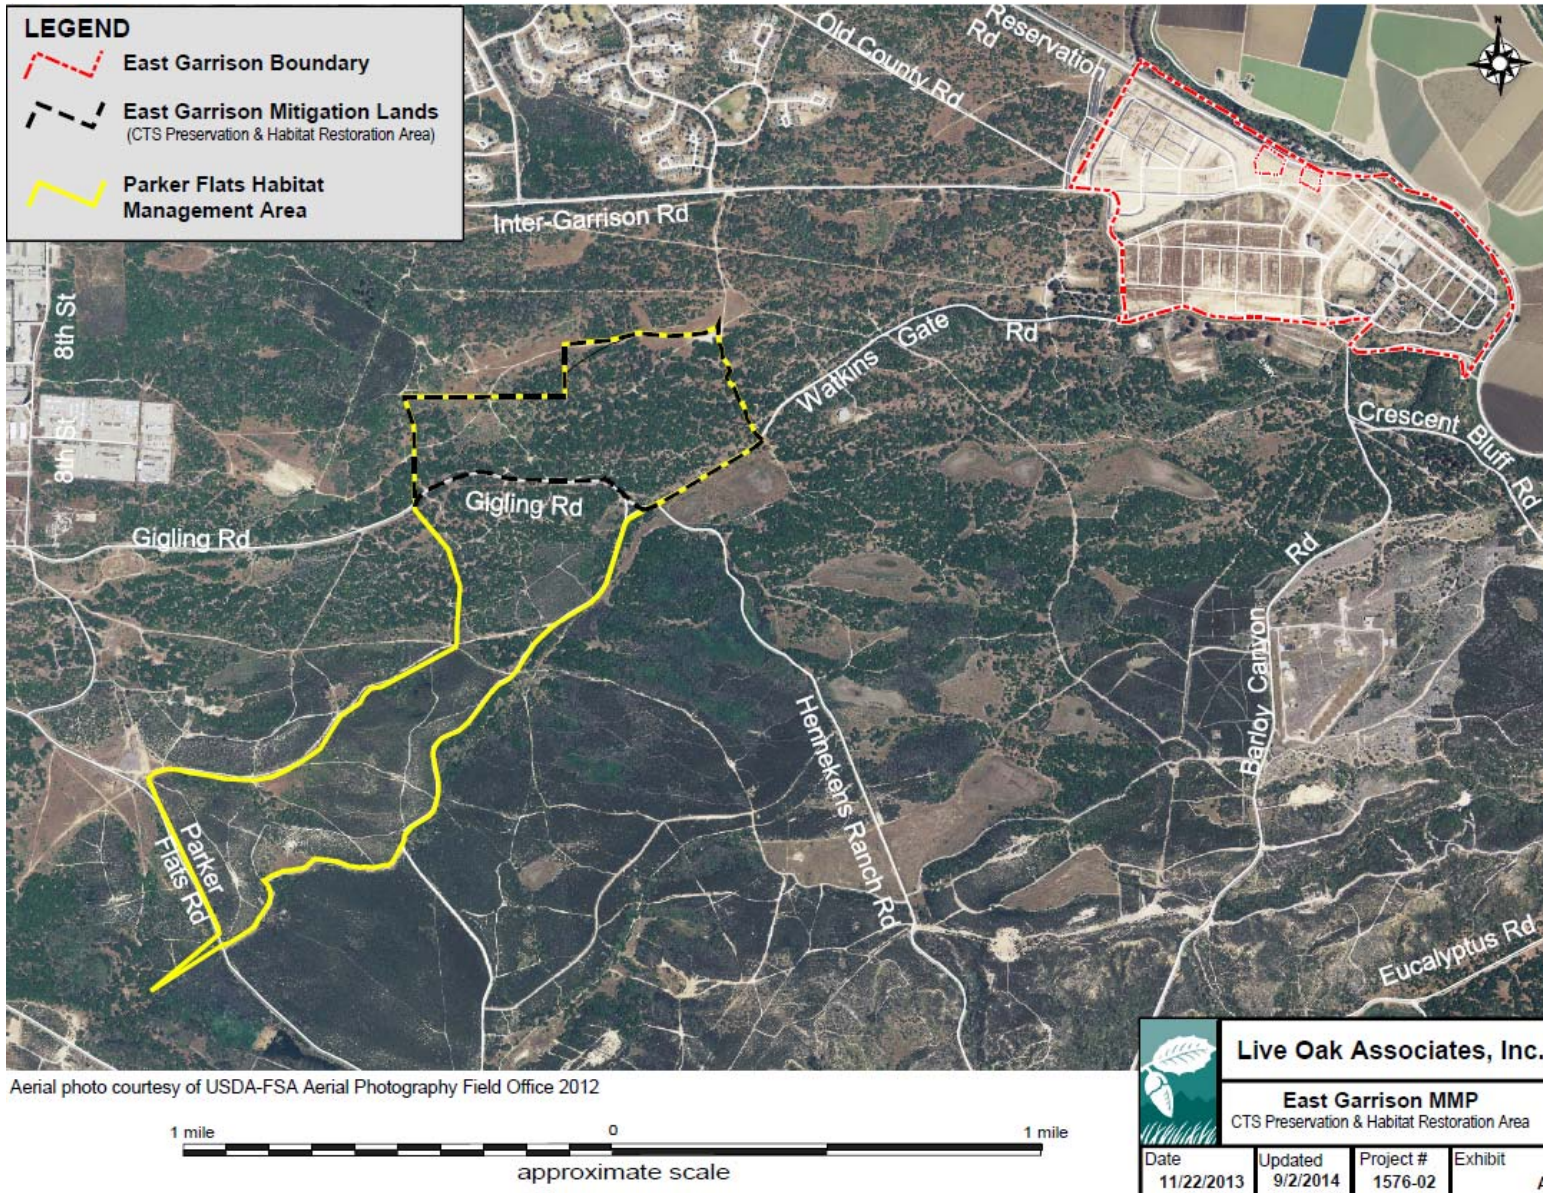

- MOA required for State 2081 Permit to UCP EG, LLC (Developer)
- County agrees to provide 134-acre mitigation site on its reserve lands
- Developer agrees to provide interim mitigation funding
- FORA agrees to provide long-term HCP funding

# HMP Map

# Mitigation Site

# Recent feedback

- **Trails access**

- HMP designated habitat reserves: property owners manage public trail access
- Draft HCP allows trail access where designated, such as draft Fort Ord Recreational Habitat Area Master Plan

- **California Department of Fish and Wildlife (CDFW) feedback**

- Minor adjustments to MOA requested

# Recommendation

- **ACTION:** Approve entering into the MOA/authorize the Executive Officer/Authority Counsel to execute the MOA after County Board of Supervisors' upcoming action and meet CDFW requested adjustments
