To FORA and the City of Marina, Council, City Manager, and Police Chief. The issue of a violation (attached Case Assignment) regarding 3.03.090 of the Master Resolution is not new to either of your groups. You have both been informed in the past that workers were issuing complaints on the project. Even if you claim you were unaware you are aware now. As per 1.02 - Enforcement of the Master Resolution (attached), we call on you to carry out your responsibility to investigate and bring this matter to conclusion. If you are not aware of 1.02 we suggest you read it. The current investigation by the DIR/DLSE does not preclude you from exercising your responsibility. It is time that justice, not ineptness, prevails. Thank you, Ron Chesshire - CEO, on behalf of the Monterey/Santa Cruz Counties Building and Construction Trades Council

Also attached is a prior letter from FORA Counsel to the City of Marina informing them of their responsibility. Current Counsel has yet to Opine on FORA's responsibility. There is a former opinion by Jerry Bowden but we find it to be weak.

Hi Ron,

I was only authorized to send the certified payroll records for Covenant Construction to you. I understand that you need additional information regarding whether Covenant was in compliance with the prevailing wage requirements. The DIR may be able to give that information to you, since they are currently investigating that contractor.

Please let Harvey Dadwal know if you want certified payrolls for all other contractors that provided those records to us, so that my staff can provide copies to you when authorized.

Thanks,

Ms. Robertson, yesterday I received the Certified Payrolls for Covenant Const. on the Spring Hill Suites project. Re: Complaints Received by the City of Marina for Public Works Violations
by Ross Masonry, Inc. and Garcia Flooring Design, Inc. associated with
the Promontory at CSUMB Student Housing Project

Dear Messrs Wellington and Rathie,

The Fort Ord Reuse Authority ("FORA"), for which I serve as Authority Counsel, received your December 21, 2015 letter on behalf of the City of Marina (the "City") to Anthony Narducci. The City's position that it does not have "the responsibility ... to act in the role of a compliance monitor for projects obligated to comply with the FORA Master Resolution" is troubling and without factual or legal basis.

The City's letter acknowledges that "[t]he Promontory is located on the former Fort Ord ... and is subject to certain policies of [FORA] including the FORA Master Resolution." It also acknowledges that section 3.03.090 of the Master Resolution requires payment of prevailing wages "to all workers employed on construction performed during the development and completion of real property under a development agreement for parcels subject to the FORA Base Reuse Plan." The letter then acknowledges that "[t]he Promontory is such a project, as the land was acquired and developed in accordance with a Disposition and Development Agreement ('DDA') entered into between the City and AMCAL Monterey Bay, LLC (the 'Developer')." The letter then claims that "[i]n accordance with section 3.03.090(b) of the Master Resolution[,] the City included language in the DDA at Section 7.6 requiring the Developer to cause its contractor and subcontractors to pay prevailing wages and hire apprentices as determined by the Department of Industrial Relations."

The City suggests that it thereby fully complied with section 3.03.090(b) of the Master Resolution, even if the Developer's contractors and subcontractors failed to pay prevailing wages and hire apprentices. This appears to be based on the City's belief that "it has neither the responsibility nor the resources to act in the role of a compliance monitor for projects obligated to comply with the FORA Master Resolution." The City is mistaken.

January 15, 2016
Robert Wellington, Esq.
Robert Rathie, Esq.

Section 3.03.090(b) of the Master Resolution provides that “Member agencies must include language in all of their contracts and deeds of conveyance, disposition and/or development of former Fort Ord property to give notice of and assure compliance with the policy set forth above in subsection 3.03.090(a).” The City’s letter focuses only on the first requirement, to include necessary language in certain instruments, but ignores the second, to “assure compliance with” the prevailing wage policy. Notwithstanding the City’s contrary belief, it therefore *does* have the “responsibility ... to act in the role of a compliance monitor for projects obligated to comply with the Master Resolution.”

Whether the City has “the resources” to do so is another matter. But that is something that the City could and should have taken into account when disposing of the property and executing the DDA with the Developer. Marina could have, for instance, then built the cost of enforcement into the DDA. Of course, determining the proper funding mechanism is an issue for the City, not FORA, and does not change the City’s obligation under section 3.03.090(b) to assure compliance with the Master Resolution’s prevailing wage requirements.

FORA desires to resolve this issue amicably. It therefore invites the City to revisit its conclusion that it does not have the “responsibility ... to act in the role of a compliance monitor for projects obligated to comply with the Master Resolution.”

Very truly yours,

KENNEDY, ARCHER & GIFFEN

The purchasing officer, or designee, will publicly open all bids at the time and place stated in the public notices. A tabulation of all bids received will be available for public inspection in the purchasing office during regular business hours for a period of not less than 30 calendar days after the bid opening.

(h) In its discretion, the Authority Board or Executive Officer may reject any and all bids presented and may cause re-advertising for bids pursuant to the procedure prescribed in this Article. However, when all bids exceed the authorized budgeted amount, the Executive Officer may authorize rejection of all bids and authorize re-bidding based upon the original specifications or as they may be modified, in accordance with procedures prescribed in this Article.

(i) Except as otherwise provided in this Article, formal bid contracts will be awarded by the Authority Board to the lowest responsible bidder. The determination of lowest responsible bidder is at the discretion of the Authority Board pursuant to findings and recommendations presented by the Executive Officer at the time of award of contract.

(j) Subject to the provisions of Section 3.02.090, if two or more formal bids received are for the same total amount or unit price, quality and service being equal and if the public interest will not permit the delay of re-advertising for bids, the Authority Board may in its discretion accept the one it chooses or accept the lowest bid made by and after negotiation with the tie bidders at the time of the bid opening or award of contract.

3.02.090. PREFERENCE FOR LOCAL SUPPLIERS.

(a) Each local supplier providing goods or supplies funded in whole or in part by Authority funds, or funds which the Authority expends or administers, is eligible for a local preference as provided in this section.

(b) Each local supplier who is within five percent of the lowest responsible bid is provided the opportunity to reduce the local supplier's bid to the amount equal to the amount of the lowest responsible bid. The opportunity to reduce bid amounts is provided first to the lowest eligible local bidder and, if not accepted by such bidder within five business days of the opening of bids, then to each successive eligible bidder in ascending order of the amount of bids. In the event an eligible local supplier reduces the bid to the amount of the lowest responsible bid, the eligible local supplier will be deemed to have provided the lowest responsible bid and will be awarded the contract.

(c) For the purpose of this section, the term "local supplier" means a business or resident doing business as a supplier in the jurisdiction of the Authority for the past five years.

3.02.100. RECYCLED MATERIALS; COPYING.

The Authority encourages the use of recycled paper and materials in response to all bids for services and supplies to the Authority. Wherever possible, preference will be given to those vendors, suppliers, and consultants providing supplies and services to the Authority who utilize recycled materials, including recycled paper products. In addition, documents submitted for Authority use must be presented with front to back copying in order to minimize the amount of file space necessary for the maintenance of such documents, as well as to reduce the amount of paper required in the provision of governmental services.

3.02.110. NO FORMAL BIDS.

When no formal bids or no responsive bids are received, the Executive Officer is authorized to negotiate for written proposals, and the award, if any, will be made in accordance with applicable provisions prescribed in this Article.

3.02.120. OPEN MARKET OR INFORMAL BID PROCEDURE.

(a) Purchases of supplies and equipment of an estimated value in the amount of \$25,000.00 or less may be made by the Executive Officer in the open market without observing the procedure prescribed in Sections 3.02.080. Open market purchases will, wherever possible, be based on at least three informal bids and will be awarded to the bidder offering the most advantageous bid to the Authority, in the opinion of the Executive Officer, after consideration of price, quality, durability, servicing, delivery time, standardization, location of vendor, and other factors.

(b) The Executive Officer will solicit informal bids by written requests to prospective vendors, or by telephone, or by public notice posted on a public bulletin board at the Authority offices. The Executive Officer will keep a written record of all open market purchases and informal bids for a period of two years. This record, while so kept, is open to public inspection.

3.02.130. EXCEPTIONS TO COMPETITIVE BIDDING REQUIREMENT.

(a) Notwithstanding any provision of this Article to the contrary, the competitive bidding procedures and requirements may be dispensed with in any of the following instances:

- (1) When the estimated amount involved is less than \$25,000.00.
- (2) When the commodity can be obtained from only one vendor.
- (3) When the Board finds that the commodity is unique and not subject to competitive bidding.
- (4) The Board may authorize the purchase of materials, supplies, equipment, and services where an emergency is deemed to exist and it is determined that service involving the public health, safety, or welfare would be interrupted if the normal procedure were followed.
- (5) Any agreement involving acquisition of supplies, equipment, or service entered into with another governmental entity.

(b) Contracts for personal services, for professional and consultant services, and for other, non-public projects and contractual services may be executed without observing the bidding procedures provided in this Article. The Executive Officer is authorized to enter into such contracts where the amount of the contract does not exceed \$25,000.00, provided there exists an unencumbered appropriation in the fund account against which the expense is to be charged. Where the amount of the contract exceeds \$25,000.00, the contract will be approved by the Authority Board. In the case of professional services, qualifications and experience to the benefit of the Authority will receive first consideration. Upon determination of these factors, a price or fee may be negotiated.

3.02.140. REGULATIONS REGARDING SELECTION OF CONTRACT SERVICES.

The Executive Officer will, by resolution, prescribe procedures, rules, and regulations, governing the solicitation, selection and award of proposals or bids for the furnishing of personal services or professional or consulting services or for other contractual services, the contracts for which may be awarded without observing the bidding procedures provided for in this chapter. Such procedures, rules and regulations have as one purpose: the obtaining of contractual services of the highest quality together with cost effectiveness.

Article 3.03. PUBLIC WORKS CONTRACTS

3.03.010. PROCEDURE-TYPE DESIGNATED FOR CERTAIN PURCHASES.

Public projects of less than \$25,000.00 may be let to contract by informal bidding procedures. All other public projects with a value greater than \$25,000.00 will, in all instances, be let to contract by formal bidding procedure.

3.03.020. PROCEDURE-INFORMAL.

(a) The notice inviting informal bids will be by published notice and may, in addition, be supplemented by mailed notice and noticing on the Authority website. The Executive Officer may cause the notice to be printed as display advertising in such form and style as the Executive Officer deems appropriate. The notice will describe in general terms the project to be done and state the closing date for submission of such informal bids. Publication of notice pursuant to this section will be in a newspaper of general circulation printed and published within the jurisdiction of the Authority. Notice will be published in accordance with Section 6061 of the Government Code and will be completed at least twenty-four hours before the time scheduled for opening of the bids.

(b) In addition to notice published in a newspaper of general circulation, or mailed, pursuant to this section, the Executive Officer may also publish notice inviting bids in a trade publication.

(c) Bids will be opened, examined, and declared by the Executive Officer at a public meeting called by the Executive Officer in accordance with the notice inviting bids. The results of the bidding will be reported to the Authority Board at the next regular meeting after said bid opening.

3.03.030. PROCEDURE-FORMAL.

(a) The notices inviting formal bids will state the time and place for the receiving and opening of sealed bids and distinctly state the project to be done. The first publication or posting of the notice will be at least ten days before the date of opening the bids. Notice will be published at least twice, not less than five days apart, in a newspaper of general circulation, printed and published in the jurisdiction of the Authority. The newspaper notice will include a description of the equipment or services to be purchased, will state where bid blanks and specifications may be secured, and the time and place for opening bids. In addition, the Executive Officer may also publish notice inviting bids in a trade publication.

(b) When deemed necessary by the Board, bid deposits will be described in the public notices inviting bids. Unsuccessful bidders are entitled to the return of each required security.

(c) Bids must be submitted sealed to the Executive Officer and identified as bids on the envelope. Bids will be opened, examined, and declared by the Executive Officer at a public meeting called by the Executive Officer in accordance with the notice inviting bids. A tabulation of all bids received will be provided to all bidders.

(d) The results of the bidding will be reported to the Authority Board at the next regular meeting after said bid opening.

(e) The Board has the authority to reject all bids, or parts of all bids for any one or more components included in the proposed contract, when the public interest will be served thereby.

(f) The Board has the authority to award contracts within the purview of this Master Resolution. Contracts will be awarded to the lowest responsible bidder, with the exception of professional services only. In determining the lowest responsible bidder, the following may be considered, in addition to price if such factors are included in the bid specifications:

- (1) The quality of the work or construction offered;
- (2) The ability, capacity, and skill of the bidder to perform the contract;
- (3) Whether the bidder can perform the contract promptly, or within the time specified, without delay or interference;
- (4) The sufficiency of the bidder's financial resources and the effect thereof on the bidder's ability to perform the contract;
- (5) The character, integrity, reputation, judgment, experience, and efficiency of the bidder;
- (6) The quality of bidder's performance on previous contracts for the Authority;
- (7) Litigation by the bidder on previous contracts with the Authority;
- (8) The previous and existing compliance by the bidder with laws and ordinances relating to the subject of the contract;
- (9) The ability of the bidder to provide future maintenance and service where such maintenance and service is essential.

(g) When the award is not given to the lowest bidder, a full and complete statement of the reasons therefore will be prepared by the Executive Officer and filed with the other papers related to the award of the contract.

3.03.040. LOCAL PREFERENCE.

(a) Each Contractor performing construction funded in whole or in part by Authority funds, or funds which, in accordance with a federal grant or otherwise, the Authority expends or administers, and to which the Authority is a signatory to the construction contract, will be eligible for a local preference as provided in the subsection, if such Contractor meets each of the following minimum requirements:

- (1) The Contractor must be licensed by the State of California and be a business, employer, or resident doing business in the Area for the past five years.
- (2) The Contractor must be a business, employer, or resident who has been adversely affected by the closure of the Fort Ord military base.
- (3) Eighty percent (80%) of the work force of the Contractor must be residents of the Area and fifty

percent (50%) of the Subcontractors must be residents of the Area.

(b) Each Contractor who is within five percent of the lowest responsible bid and who is eligible for a local preference under this subsection will be provided the opportunity to reduce the Contractor's bid to an amount equal to the amount of the lowest responsible bid. The opportunity to reduce bid amounts will be provided first to the lowest eligible bidder and, if not accepted by such bidder within five business days of the opening of bids, then to each successive eligible bidder in ascending order of the amount of the bids. In the event an eligible Contractor reduces the bid to the amount of the lowest responsible bid, the eligible Contractor will be deemed to have provided the lowest responsible bid and will be awarded the contract.

(c) In the event there is no available and qualified resident of the Area who can fill a specified position, vacancy, or job classification sought to be filled by the Contractor, or by a Subcontractor of the Contractor, the Contractor may request an exemption for the worker hours performed by a person who fills such position, vacancy, or job classification in computing the percentage of total worker hours performed by residents of the Area for the purpose of determining whether the Contractor has met the minimum requirements specified in this subsection. A Contractor seeking such an exemption must file a written application therefore with the Executive Officer on a form provided by the Executive Officer no later than ten days after the position, vacancy, or job classification for which the exemption is sought is filled by a nonresident of the Area. Such application must include a detailed written statement under oath describing the efforts and action taken by the Contractor, or the Contractor's Subcontractor, in attempting to hire a resident of the Area for the position, vacancy, or job classification for which the exemption is sought, and such further and additional information as may be requested by the Executive Officer.

(d) The provisions of this subsection will expire and will no longer be in force or effect on December 31, 1999, unless otherwise extended by the Board prior to such date.

3.03.050. REJECTION OF BIDS.

In its discretion, the Authority Board may reject any bids presented. If, after the first invitation for bids, all bids are rejected, after re-evaluating its cost estimates of the project, the Authority Board may abandon the project or re-advertise for bids in the manner prescribed by this Article. If, after re-advertising, the Authority Board rejects all bids presented, the Authority Board may proceed with the project by use of Authority personnel or may re-advertise. If two or more bids are the same and the lowest, the Authority Board may accept the one it chooses, subject to the limitations contained in Section 3.02.040. If no bids are received, the Authority Board may have the project done without further complying with this chapter.

3.03.060. LOWER NEGOTIATED PRICE OR PERFORMANCE BY AUTHORITY PERSONNEL.

Notwithstanding the provisions of Section 3.02.050, if after the first invitation for bids, all bids are rejected, the Authority Board may, after re-evaluating its cost estimates of the project, pass a resolution by a four-fifths vote of its Board declaring that the project can be performed more economically by Authority personnel, or that in its opinion a contract to perform the project can be negotiated at a lower price than that in any of the bids. Upon adoption of the resolution, it may have the project done in the manner stated without further complying with this chapter.

3.03.070. PLANS AND SPECIFICATIONS.

The Authority Board adopts plans, specifications, and working details for all public projects the expenditure for which exceeds \$25,000. Such plans, specifications, and working details may be approved at the time the notice is authorized or at the time the Authority Board approves a contract.

3.03.080. (Reserved)

3.03.090. PREVAILING WAGES.

(a) Not less than the general prevailing rate of wages for work of a similar character in Monterey County, as determined by the Director of the Department of Industrial Relations under Division 2, Part 7, Chapter 1 of the California Labor Code, will be paid to all workers employed on the First Generation Construction performed on parcels subject to the Fort Ord Base Reuse Plan. This subsection applies to work performed under Development Entitlements as defined in §1.01.050 of this Master Resolution and by contract with a FORA member or a FORA member agency including their transferees, agents, successors-in-interest, developers or building contractors.

This policy is limited to “First Generation Construction” work, which is defined in §1.01.050 of this Master Resolution. In addition to the exceptions enumerated in the definition of Development Entitlements found in §1.01.050 of this Master Resolution, this policy does not apply to:

- (1) construction work performed by the Authority or a member jurisdiction with its own workforce;
- (2) construction work performed by paid, full-time employees of the developer, unless the developer is performing the work of a contractor as defined in California Business and Professions Code §7026;
- (3) construction improvements following issuance of an occupancy permit;
- (4) affordable housing when exempted under California state law; and
- (5) construction of facilities to be used for eleemosynary non-commercial purposes when owned in fee by a non-profit

organization operating under §501(c)(3) of the Internal Revenue Code.

(b) Member agencies must include language in all of their contracts and deeds for the conveyance, disposition and/or development of former Fort Ord property to give notice of and assure compliance with the policy set forth above in subsection 3.03.090(a).

(c) FORA determines compliance by member agencies with this section at the time of and as part of FORA's consistency determination under Chapter 8 of this Master Resolution.

3.03.100 DEVELOPERS OF PROPERTY PURSUANT TO AGREEMENTS WITH FORA. [Section repealed 3/9/07 by Resolution #07-4]

3.03.110. MINORITY, FEMALE, AND HANDICAPPED-OWNED BUSINESSES.

The rules and regulations, as amended, promulgated by the Department of Transportation of the State of California pursuant to Section 10115 of the Public Contract Code for the certification and establishment of specified preferences applicable to minority, female, and handicapped-owned businesses are applicable to contracts for construction awarded by FORA.

**Chapter 4. DISPOSAL OF AUTHORITY PROPERTY
(reserved)**

Chapter 5. FINANCES AND CLAIMS

Article 5.01. CLAIMS AGAINST THE AUTHORITY.

5.01.010. FILING REQUIREMENT.

All claims against the Authority must be filed with the Clerk to the Authority. The Clerk to the Authority Board will transmit copies of all such claims to the Executive Officer. For the purpose of this Article, the term "Executive Officer" means a person designated by the Executive Officer, including the Executive Officer, and such person may include a contractor of the Authority who performs risk management or claims adjustment duties for the Authority.

5.01.020. PROCESSING OF CLAIMS AGAINST THE AUTHORITY.

(a) The Executive Officer will evaluate the sufficiency and form of all claims against the Authority and give notices relative to any deficiency of such claims to the claimant. The Executive Officer will have all such claims investigated and will prepare an investigative report and a recommendation relating to each such claim. The Executive Officer, with the concurrence of the Authority Counsel, may approve for payment any claim within the jurisdictional limits of a municipal court in the State of California, deny any claim amounting to \$50,000 or less, or compromise any claim in an

amount less than the jurisdictional limits of a municipal court in the State of California. The Executive Officer is responsible for immediately notifying the claimant of such decision and expediting payment of any claim, which has been approved or compromised.

(b) For all claims not disposed of pursuant to Subsection (a) or of this section, the Authority Counsel will prepare and submit, as soon as practicable, a report to the Authority Board either in open session or in closed session, at the Authority Counsel's election, together with a recommendation that such claim be approved, compromised, or denied. The Authority Counsel will advise the Executive Officer of the Board's decision in the matter. The Executive Officer will thereupon notify the claimant, in writing, of the decision and expedite payment of any claim, which has been approved or compromised.

(c) Notwithstanding the above provisions, the Executive Officer will notify and send copies of all claims which are determined by the Executive Officer to be covered by insurance to the insurance carrier which provides coverage to the Authority, and is the Authority liaison with such carriers for the purpose of any claim involvement.

(d) In order to protect the best interest of the Authority and the officers, employees, and agents of the Authority with regard to the investigation, defense, or adjustment of applicable claims incurred against the Authority or its officers, employees, and agents, the Executive Officer and the Authority Counsel are directed to establish and maintain necessary administrative procedures and incident report forms to ensure the confidential coordination of case facts and related information. The procedures and forms will ensure reasonable use of the principle of privileged client-attorney communication for confidentiality in the defense or adjustment of all claims as provided by law.

(e) The legal defense of claims filed against the Authority, which are not covered by insurance, is the responsibility of the Authority Counsel or a legal firm or firms designated by the Authority Board. Authorized legal defense costs in conjunction with the defense of such claims are paid from appropriate Authority funds as designated by the Authority Board from time to time.

5.01.030. PROCEDURE FOR COLLECTION, COMPROMISE, AND WRITE-OFF OF CLAIMS OF THE AUTHORITY AGAINST OTHERS.

(a) Claims of the Authority against other persons or entities will be handled according to the procedures designated in this section.

(b) The Executive Officer is authorized to pursue collection of any claims of the Authority against others. The Executive Officer may, in furtherance of such claims collection, accept a promissory note to repay the claim over a period of time, file a small claims court action to secure a judgment when the amount of the claim does not exceed the small claims court jurisdictional limit, or assign the claim, promissory note, or judgment to a collection agency. When the Executive Officer determines it is in the best interest of the Authority to do so, considering the cost of collection and the merits of the claim, the Executive Officer may:

- (1) Accept a compromise settlement and write-off the balance of the claim as uncollectible, where the amount of the write-off does not exceed the small claims court jurisdictional limit;
- (2) File an action in small claims court and write-off any amount in excess of such court's jurisdiction, where the amount of the write-off does not exceed the small claims court jurisdictional limit, or
- (3) Write off the claim in full where the amount of the write-off does not exceed the small claims court jurisdictional limit.

(c) Any claim, which cannot be collected in full or disposed of in accordance with this subsection, will be sent to Authority Counsel for collection.

(d) The Authority Counsel will pursue collection and may, in furtherance of such collection, accept a promissory note to repay the claim over a period of time, file an action in the appropriate court to secure a judgment, or assign the claim, promissory note, or judgment to a collection agency. When the Authority Counsel determines it is in the best interest of the Authority to do so, considering the cost of collection and the merits of the claim, the Authority Counsel may:

- (1) Authorize the Executive Officer to accept a compromise settlement and write off the balance of the claim as uncollectible where the amount of the write-off does not exceed the municipal court jurisdictional limit; or
- (2) Authorize the Executive Officer to file an action in small claims court and write off any amount in excess of such court's jurisdiction, where the amount of the write-off does not exceed the municipal court jurisdictional limit; or
- (3) Authorize the Controller to write off the claim in full where the amount of the write-off does not exceed the municipal court jurisdictional limit.

(e) When the Authority Counsel determines it is in the best interest of the Authority to accept a compromise settlement of the claim and write off the balance as uncollectible, or to write off the claim in full as uncollectible, the Authority Counsel will submit the matter to the Authority Board for approval where the amount of the write-off exceeds the municipal court jurisdictional limit.

Chapter 6. AUTHORITY FEE REGULATIONS

Article 6.01. GENERAL

6.01.010. ESTABLISHMENT OF FEE REGULATIONS.

Except as otherwise provided in this Master Resolution, all fees, penalties, refunds, reimbursements, and charges of any kind collected by the Authority may be adopted by resolution or may be designated in this chapter of the Master Resolution, as amended by the Authority Board from time to time. Whenever applicable throughout the Master Resolution, reference may be made to this chapter in lieu of any reference to specific fee amounts.

Chapter 7. PUBLIC WORKS (reserved)

Chapter 8. BASE REUSE PLANNING AND CONSISTENCY DETERMINATIONS

Article 8.01 GENERAL PROVISIONS

8.01.010. REUSE PLAN.

(a) The Authority Board shall prepare, adopt, review, revise from time to time, and maintain a Reuse Plan for the use and development of the territory within the jurisdiction of the Authority. Such plan shall contain the elements mandated pursuant to the Authority Act and such other elements, policies, and programs as the Authority Board may, in its sole discretion, consider and adopt.

(b) The Reuse Plan, including all elements, policies and programs adopted in conjunction with the Reuse Plan, and any amendments thereto, shall be the official and controlling plan for the reuse of the Fort Ord Territory for the purposes specified or inferred in the Authority Act.

(c) All general and specific plans, redevelopment plans, and all other community and local plans regardless of title or description, and any amendments thereto, and all policies and programs relating to the land use or the construction, installation, or maintenance of capital improvements or public works within the Fort Ord Territory, shall be consistent with the Reuse Plan of the Authority and the plans and policies of the Authority, including the Master Resolution. The Authority shall make a determination of consistency as provided pursuant to the provisions of the Authority Act and, after the effective date hereof, this chapter.

(d) A revision or other change to the Reuse Plan which only affects Fort Ord Territory and only one of the member agencies may only be adopted by the Authority Board if one of the following conditions is satisfied:

- (1) The revision or other change was initiated by resolution adopted by the legislative body of the affected land use

agency and approved by at least a majority affirmative vote of the Authority Board; or

- (2) The revision or other change was initiated by the Authority Board or any entity other than the affected land use agency and approved by at least a two-thirds affirmative vote of the Authority Board.

(e) All property transferred from the federal government to any user or purchaser, whether public or private, shall only be used in a manner consistent with the Reuse Plan, with the following exceptions:

- (1) Property transferred to California State University or the University of California and such property is used for educationally related or research oriented purposes; or
- (2) Property transferred to the California State Parks and Recreation Department.

(f) No land use agency or any local agency shall permit, approve, or otherwise allow any development or other change of use, or approve any development entitlement, for property within the territory of the Authority that is not consistent with the Reuse Plan.

(g) No land use agency shall issue, approve, or otherwise allow any building permit until all applicable permits, development entitlements, and approvals required under law have been approved, including, but not limited to, the approvals and permits described and enumerated in Section 3.7 of the Final Environmental Impact Report for the Reuse Plan.

(h) The Reuse Plan shall be reviewed periodically at the discretion of the Authority Board. The Authority Board shall perform a full reassessment, review, and consideration of the Reuse Plan and all mandatory elements as specified in the Authority Act prior to the allocation of an augmented water supply, or prior to the issuance of a building permit for the 6001st new residential dwelling unit (providing a total population of 35,000 persons) on the Fort Ord Territory or by January 1, 2013, whichever event occurs first. No more than 6000 new dwelling units shall be permitted on the Fort Ord Territory until such reassessment, review, and consideration of the Reuse Plan has been prepared, reviewed, and adopted pursuant to the provisions of the Authority Act, the Master Resolution, and all applicable environmental laws. No development shall be approved by FORA or any land use agency or local agency after the time specified in this subsection unless and until the water supplies, wastewater disposal, road capacity, and the infrastructure to supply these resources to serve such development have been identified, evaluated, assessed, and a plan for mitigation has been adopted as required by CEQA, the Authority Act, the Master Resolution, and all applicable environmental laws.

(i) The failure of any persons or entity to receive notice given pursuant to this chapter shall not constitute grounds for any court to invalidate the action

on any legislative act or development entitlement pursuant to this chapter for which required notice was given.

(j) The Authority shall record a notice on all property in the Fort Ord Territory advising all current and future owners of property of the existence of the Reuse Plan and that development of such property shall be limited by the Reuse Plan, the policies and programs of the Authority, including the Master Resolution, and/or the constraints on development identified in the Reuse Plan, including lack of available water supply, wastewater and solid waste disposal capacity, and inadequate transportation and other services and infrastructure.

(k) In the event the Authority receives, purchases, or acquires, by any means, fee interest title to property within the Fort Ord Territory, the Authority shall record a covenant running with the land advising all future owners of such property that development and use of the property is subject to the Reuse Plan and that development of such property shall be limited by the Reuse Plan, the policies and programs of the Authority, including the Master Resolution, and/or constraints on development identified in the Reuse Plan, including lack of available water supply, wastewater and solid waste disposal capacity, and inadequate transportation and other services and infrastructure.

8.01.020. PROCEDURES FOR CONSISTENCY DETERMINATIONS FOR LEGISLATIVE LAND USE DECISIONS.

(a) Each land use agency shall submit all legislative land use decisions affecting property in the territory of the Authority to the Executive Officer for review and processing.

(b) All submissions regarding a legislative land use decision shall include:

- (1) A complete copy of the legislative land use decision, including related or applicable text, maps, graphics, and studies;
- (2) A copy of the resolution or ordinance of the legislative body approving the legislative land use decision, adopted at the conclusion of a noticed hearing certifying that the portion of a legislative land use decision applicable to the Fort Ord Territory is intended to be carried out in a manner fully in conformity with the Reuse Plan and the Authority Act;
- (3) A copy of all staff reports and materials presented or made available to the legislative body approving the legislative decision, or any advisory agency relating to the legislative land use decision;
- (4) A copy of the completed environmental assessment related to the legislative land use decision;
- (5) A statement of findings and evidence supporting the findings that the legislative land use decision is

consistent with the Reuse Plan, the Authority's plans and policies, including the Master Resolution, and is otherwise consistent with the Authority Act; and

- (6) Such other materials as the Executive Officer deems necessary or appropriate and which have been identified within 15 days of the receipt of the items described in subsection (b) of this Section.

(c) Within ninety (90) days of the receipt of all of the items described in subsection (b) above, or from the date the Executive Officer accepts the submission as complete, whichever event occurs first, the Authority Board shall conduct a noticed public hearing, calendared and noticed by the Executive Officer, to certify or refuse to certify, in whole or in part, the portion of the legislative land use decision applicable to Fort Ord Territory. The Authority Board shall adopt a resolution making findings in support of its decision, such decision shall be rendered within the time frame described in this section, and such decision shall be final. In the event the Authority Board fails, within the time frames described in this section, to conduct a public hearing or take action on determining whether the land use decision is consistent with the Plan and the Authority Act, the land use agency may file, upon ten days notice, a request with the Executive Officer to have the matter placed on the next Board agenda for a noticed public hearing to take action to consider the consistency finding and the Board shall take action at such noticed public hearing and such decision shall be final.

(d) In the event the Authority Board finds, on the basis of substantial evidence supported on the record, that the legislative act is consistent with the Reuse Plan and this chapter, the Authority Board shall certify the legislative act pursuant to the provisions of the Authority Act.

(e) In the event the Authority Board refuses to certify the legislative land use decision in whole or in part, the Authority Board's resolution making findings shall include suggested modifications which, if adopted and transmitted to the Authority Board by the affected land use agency, will allow the legislative land use decision to be certified. If such modifications are adopted by the affected land use agency as suggested, and the Executive Officer confirms such modifications have been made, the legislative land use decision shall be deemed certified. In the event the affected land use agency elects to meet the Authority Board's refusal or certification in a manner other than as suggested by the Authority Board, the legislative body of the affected land use agency shall resubmit its legislative land use decision to the Executive Officer and follow the procedures contained in this Section.

(f) No legislative land use decision shall be deemed final and complete, nor shall any land use entitlement be issued for property affected otherwise permitted by such legislative land use decision unless it has been certified pursuant to the procedures described in this section.

(g) The Authority Board may only refuse to certify zoning ordinances, zoning district maps, or other legislative land use decision on the grounds that such actions do not conform with, or are inadequate to carry out, the provisions of the general plan, certified as consistent with the Reuse Plan pursuant to the provisions of this Section, applicable to the affected property.

(h) Nothing in this Section or in this Chapter shall apply to be or construed as adversely affecting any consistency determination previously obtained by a land use agency and certified by the Authority Board pursuant to the Authority Act.

8.01.030. REVIEW OF DEVELOPMENT ENTITLEMENTS.

(a) After the portion of a general plan applicable to Fort Ord Territory has become effective, development review authority within such portion of territory shall be exercised by the land use agency with jurisdiction lying within the area to which the general plan applies. Each land use agency may issue or deny, or conditionally issue, development entitlements within their respective jurisdictions so long as the land use agency has a general plan certified pursuant to Section 8.01.020 and the decisions issuing, denying, or conditionally issuing development entitlements are consistent with the adopted and certified general plan, the Reuse Plan, and is in compliance with CEQA and all other applicable laws.

(b) All decisions on development entitlements of a land use agency affecting property within the territory of the Authority may be reviewed by the Authority Board on its own initiative, or may be appealed to the Authority Board, subject to the procedures specified in this Section. No development entitlement shall be deemed final and complete until the appeal and review procedures specified in this Section and Sections 8.01.040 and 8.01.050 of this Chapter have been exhausted.

(c) The land use agency approving a development entitlement within the jurisdiction of the Authority shall provide notice of approval or conditional approval to the Executive Officer. Notice of approval or conditional approval of a development entitlement shall include:

- (1) A complete copy of the approved development entitlement, including related or applicable text, maps, graphics, and studies.
- (2) A copy of all staff reports and materials presented or made available to any hearing body that reviewed the development entitlement.
- (3) A copy of the completed environmental assessment related to the development entitlement.

8.01.040. REVIEW OF DEVELOPMENT ENTITLEMENTS BY INITIATIVE OF THE AUTHORITY BOARD.

Within 35 days of the receipt of all of the notice materials described in Subsection (c) of Section 8.01.030, the Authority Board, on its own initiative, may consider a resolution setting a hearing on a development entitlement affecting Fort Ord Territory. The Authority Board may continue the matter of setting a hearing once for any

reason. In the event the Authority Board does not act to set the matter for hearing within the 35 day time period or at the continued meeting, whichever event is last, the decision of the land use agency approving the development entitlement shall be deemed final and shall not be subject to review by the Authority Board pursuant to this Section. Nothing in this section shall be construed as abrogating any rights that any person may have to appeal development entitlements to the Authority Board pursuant to Section 8.01.050. In the event the Authority Board sets the matter for hearing, such hearing shall commence at the first regular meeting of the Authority Board following the date the Authority Board passed its resolution setting the matter for hearing or at a special hearing date prior to such regular meeting. The Authority Board may continue the matter once. In the event the Authority Board fails to take action on the development entitlement within such time period, the development entitlement shall be deemed approved.

8.01.050. REVIEW OF DEVELOPMENT ENTITLEMENTS BY APPEAL TO AUTHORITY BOARD.

(a) Within 10 days of a land use agency approving a development entitlement, any person aggrieved by that approval and who participated either orally or in writing, in that agency's hearing on the matter, may file a written appeal of such approval with the Executive Officer, specifically setting forth the grounds for the appeal, which shall be limited to issues raised at the hearing before the land use agency. The person filing the appeal shall pay a filing fee in an amount equal to the average of the planning decision fees established by the nine member agencies of the Authority's Board, omitting the highest and the lowest fee, not to exceed the Authority's reasonable cost to prepare the appeal. The appeal fee shall be waived for an appellant who signs a declaration under penalty of perjury that she/he qualifies as very low income under low income eligibility standards set by the U.S. Department of Housing and Urban Development. The Authority Board must conduct a public hearing on the appeal within 60 days.

(b) At the time and place noticed by the Executive Officer, the Authority Board will conduct a hearing on the development entitlement. The Authority Board may continue the matter once for any reason.

(c) Said continued hearing must be rescheduled to a date that is not later than 35 days from the date of the initial hearing date. In the event the Authority Board determines the development entitlement is not consistent with the Reuse Plan, the development shall be denied and the Authority Board's decision shall be final. In the event the Authority Board determines the development entitlement is consistent with the Reuse Plan, the Authority Board shall approve the development entitlement.

8.01.060. SUPERCESSION.

In the event of a conflict or inconsistency between this Chapter of the Master Resolution and the Reuse Plan, the Development and Resource Plan, and other adopted FORA policies and procedures in regards to legislative land use decisions and/or development entitlements affecting lands within the affected territory, the provisions of this Chapter shall govern.

8.01.070. FORA AS RESPONSIBLE AGENCY UNDER CEQA.

In taking action on all legislative land decisions and for review of all development entitlements, the Authority Board shall act as a responsible agency under CEQA.

8.01.080. ADMINISTRATIVE APPEALS.

Any administrative decision made by the Executive Officer may be appealed to the Authority Board within 15 days by completing and filing a notice of appeal at the Office of the Executive Officer.

Article 8.02. CONSISTENCY DETERMINATION CRITERIA

8.02.010. LEGISLATIVE LAND USE DECISION CONSISTENCY.

(a) In the review, evaluation, and determination of consistency regarding legislative land use decisions, the Authority Board shall disapprove any legislative land use decision for which there is substantial evidence supported by the record, that

- (1) Provides a land use designation that allows more intense land uses than the uses permitted in the Reuse Plan for the affected territory;
- (2) Provides for a development more dense than the density of use permitted in the Reuse Plan for the affected territory;
- (3) Is not in substantial conformance with applicable programs specified in the Reuse Plan and Section 8.02.020 of this Master Resolution.
- (4) Provides uses which conflict or are incompatible with uses permitted or allowed in the Reuse Plan for the affected property or which conflict or are incompatible with open space, recreational, or habitat management areas within the jurisdiction of the Authority;
- (5) Does not require or otherwise provide for the financing and/or installation, construction, and maintenance of all infrastructure necessary to provide adequate public services to the property covered by the legislative land use decision; and
- (6) Does not require or otherwise provide for implementation of the Fort Ord Habitat Management Plan.

(b) FORA shall not preclude the transfer of intensity of land uses and/or density of development involving properties within the affected territory as long as the land use decision meets the overall intensity and density criteria of Sections 8.02.010(a)(1) and (2) above as long as the cumulative net density or intensity of the Fort Ord Territory is not increased.

(c) The Authority Board, in its discretion, may find a legislative land use decision is in substantial compliance with the Reuse Plan when the Authority Board finds that the applicant land use agency has demonstrated compliance with the provisions specified in this section and Section 8.020.020 of this Master Resolution.

8.02.020. SPECIFIC PROGRAMS AND MITIGATION MEASURES FOR INCLUSION IN LEGISLATIVE LAND USE DECISIONS.

(a) Prior to approving any development entitlements, each land use agency shall act to protect natural resources and open spaces on Fort Ord Territory by including the open space and conservation policies and programs of the Reuse Plan, applicable to the land use agency, into their respective general, area, and specific plans.

- (1) Each land use agency shall review each application for a development entitlement for compatibility with adjacent open space land uses and require suitable open space buffers to be incorporated into the development plans of any potentially incompatible land uses as a condition of project approval.
- (2) When buffers are required as a condition of approval adjacent to Habitat Management areas, the buffer shall be designed in a manner consistent with those guidelines set out in the Habitat Management Plan. Roads shall not be allowed within the buffer area adjacent to Habitat Management areas except for restricted access maintenance or emergency access roads.

(b) Each land use agency shall include policies and programs in their respective applicable general, area, and specific plans that will ensure consistency of future use of the property within the coastal zone through the master planning process of the California Department of Parks and Recreation, if applicable. All future use of such property shall comply with the requirements of the Coastal Zone Management Act and the California Coastal Act and the coastal consistency determination process.

(c) Monterey County shall include policies and programs in its applicable general, area, and specific plans that will ensure that future development projects at East Garrison are compatible with the historic context and associated land uses and development entitlements are appropriately conditioned prior to approval.

(d) Each land use agency shall include policies and programs in their respective applicable general, area, and specific plans that shall limit recreation in environmentally sensitive areas, including, but not limited to, dunes and areas with rare, endangered, or threatened plant or animal communities to passive, low intensity recreation, dependent on the resource and compatible with its long term protection. Such policies and programs shall prohibit passive, low-density recreation if the Board finds that such passive, low-density recreation will compromise the ability to maintain an environmentally sensitive resource.

(e) Each land use agency shall include policies and programs in their respective applicable general, area, and specific plans that shall encourage land uses that are compatible with the character of the surrounding districts or neighborhoods and discourage new land use activities which are potential nuisances and/or hazards within and in close proximity to residential areas. Reuse of property in the Army urbanized footprint should be encouraged.

(f) Each land use agency with jurisdiction over property in the Army urbanized footprint shall adopt the cultural resources policies and programs of the Reuse Plan concerning historic preservation, and shall provide appropriate incentives for historic preservation and reuse of historic property, as determined by the affected land use agency, in their respective applicable general, area, and specific plans.

(g) The County of Monterey shall amend the Greater Monterey Peninsula Area Plan and designate the Historic East Garrison Area as an historic district in the County Reservation Road Planning Area. The East Garrison shall be planned and zoned for planned development mixed uses consistent with the Reuse Plan. In order to implement this aspect of the plan, the County shall adopt at least one specific plan for the East Garrison area and such specific plan shall be approved before any development entitlement shall be approved for such area.

(h) Each land use agency shall include policies and programs in their respective applicable general, area, and specific plans that shall support all actions necessary to ensure that sewage treatment facilities operate in compliance with waste discharge requirements adopted by the California Regional Water Quality Control Board.

(i) Each land use agency shall adopt the following policies and programs:

- (1) A solid waste reduction and recycling program applicable to Fort Ord Territory consistent with the provisions of the California Integrated Waste Management Act of 1989, Public Resources Code Section 40000 *et seq.*
- (2) A program that will ensure that each land use agency carries out all action necessary to ensure that the installation of water supply wells comply with State of California Water Well Standards and well standards established by the Monterey County Health Department; and
- (3) A program that will ensure that each land use agency carries out all actions necessary to ensure that distribution and storage of potable and non-potable water comply with State Health Department regulations.

(j) Each land use agency shall include policies and programs in their respective applicable general, area, and specific plans to address water supply and water conservation. Such policies and programs shall include the following:

- (1) Identification of, with the assistance of the Monterey County Water Resources Agency and the Monterey Peninsula Water Management District, potential reservoir and water impoundment sites and zoning of such sites for watershed use, thereby precluding urban development;
- (2) Commence working with appropriate agencies to determine the feasibility of developing additional water supply sources, such as water importation and desalination, and actively participate in implementing the most viable option or options;
- (3) Adoption and enforcement of a water conservation ordinance which includes requirements for plumbing retrofits and is at least as stringent as Regulation 13 of the Monterey Peninsula Water Management District, to reduce both water demand and effluent generation.
- (4) Active participation in support of the development of “reclaimed” or “recycled” water supply sources by the water purveyor and the Monterey Regional Water Pollution Control Agency to ensure adequate water supplies for the territory within the jurisdiction of the Authority.
- (5) Promotion of the use of on-site water collection, incorporating measures such as cisterns or other appropriate improvements to collect surface water for in-tract irrigation and other non-potable use.
- (6) Adoption of policies and programs consistent with the Authority’s Development and Resource Management Plan to establish programs and monitor development at territory within the jurisdiction of the Authority to assure that it does not exceed resource constraints posed by water supply.
- (7) Adoption of appropriate land use regulations that will ensure that development entitlements will not be approved until there is verification of an assured long-term water supply for such development entitlements.
- (8) Participation in the development and implementation of measures that will prevent seawater intrusion into the Salinas Valley and Seaside groundwater basins.
- (9) Implementation of feasible water conservation methods where and when determined appropriate by the land use agency, consistent with the Reuse Plan, including; dual plumbing using non-potable water for appropriate

functions; cistern systems for roof-top run-off; mandatory use of reclaimed water for any new golf courses; limitation on the use of potable water for golf courses; and publication of annual water reports disclosing water consumption by types of use.

(k) Each land use agency shall include policies and programs in their respective applicable general, area, and specific plans that will require new development to demonstrate that all measures will be taken to ensure that storm water runoff is minimized and infiltration maximized in groundwater recharge areas. Such policies and programs shall include:

- (1) Preparation, adoption, and enforcement of a storm water detention plan that identifies potential storm water detention design and implementation measures to be considered in all new development, in order to increase groundwater recharge and thereby reduce potential for further seawater intrusion and provide for an augmentation of future water supplies.
- (2) Preparation, adoption, and enforcement of a Master Drainage Plan to assess the existing natural and man-made drainage facilities, recommend area-wide improvements based on the approved Reuse Plan, and develop plans for the control of storm water runoff from future development. Such plans for control of storm water runoff shall consider and minimize any potential for groundwater degradation and provide for the long term monitoring and maintenance of all storm water retention ponds.

(l) Each land use agency shall adopt policies and programs that ensure that all proposed land uses on the Fort Ord Territory are consistent with the hazardous and toxic materials clean-up levels as specified by state and federal regulation.

(m) Each land use agency shall adopt and enforce an ordinance acceptable to the California Department of Toxic Substances Control ("DTSC") to control and restrict excavation or any soil movement on those parcels of the Fort Ord Territory, which were contaminated with unexploded ordnance, and explosives. Such ordinance shall prohibit any digging, excavation, development, or ground disturbance of any type to be caused or otherwise allowed to occur without compliance with the ordinance. A land use agency shall not make any substantive change to such ordinance without prior notice to and approval by DTSC.

(n) Each land use agency shall include policies and programs in their respective applicable general, area, and specific plans that will help ensure an efficient regional transportation network to access the territory under the jurisdiction of the

Authority, consistent with the standards of the Transportation Agency of Monterey County. Such policies and programs shall include:

- (1) Establishment and provision of a dedicated funding mechanism to pay for the “fair share” of the impact on the regional transportation system caused or contributed by development on territory within the jurisdiction of the Authority; and
- (2) Support and participate in regional and state planning efforts and funding programs to provide an efficient regional transportation effort to access Fort Ord Territory.

(o) Each land use agency shall include policies and programs in their respective applicable general, area, and specific plans that ensure that the design and construction of all major arterials within the territory under the jurisdiction of the Authority will have direct connections to the regional network consistent with the Reuse Plan. Such plans and policies shall include:

- (1) Preparation and adoption of policies and programs consistent with the Authority's Development and Resource Management Plan to establish programs and monitor development to assure that it does not exceed resource constraints posed by transportation facilities:
- (2) Design and construction of an efficient system of arterials in order to connect to the regional transportation system; and
- (3) Designate local truck routes to have direct access to regional and national truck routes and to provide adequate movement of goods into and out of the territory under the jurisdiction of the Authority.

(p) Each land use agency shall include policies and programs in their respective applicable general, area, and specific plans to provide regional bus service and facilities to serve key activity centers and key corridors within the territory under the jurisdiction of the Authority in a manner consistent with the Reuse Plan.

(q) Each land use agency shall adopt policies and programs that ensure development and cooperation in a regional law enforcement program that promotes joint efficiencies in operations, identifies additional law enforcement needs, and identifies and seeks to secure the appropriate funding mechanisms to provide the required services.

(r) Each land use agency shall include policies and programs in their respective applicable general, area, and specific plans that ensure development of a regional fire protection program that promotes joint efficiencies in operations, identifies additional fire protection needs, and identifies and seeks to secure the appropriate funding mechanisms to provide the required services.

(s) Each land use agency shall include policies and programs in their respective applicable general, area, and specific plans that will ensure that native plants from on-site stock will be used in all landscaping except for turf areas, where practical and appropriate. In areas of native plant restoration, all cultivars, including, but not limited to, manzanita and ceanothus, shall be obtained from stock originating on Fort Ord Territory.

(t) Each land use agency shall include policies and programs in their general, area, and specific plans that will ensure compliance with the 1997 adopted FORA Reuse Plan jobs/housing balance provisions. The policies and programs for the provision of housing must include flexible targets that generally correspond with expected job creation on the former Fort Ord. It is recognized that, in addressing the Reuse Plan jobs/housing balance, such flexible targets will likely result in the availability of affordable housing in excess of the minimum 20% local jurisdictional inclusionary housing figure, which could result in a range of 21% - 40% below market housing. Each land use agency should describe how their local inclusionary housing policies, where applicable, address the Reuse Plan jobs/housing balance provisions.

- (1) Agencies submitting consistency determination requests to FORA should identify and describe, where applicable, any factors that impact production of housing. These factors may include, without limitation, public financing, water resources, land use regulations, and environmental conditions. Each jurisdiction should consider but not be limited to, the following in establishing its Reuse Plan jobs/housing balance policies and programs:
 - (a) Earmarking of tax increment housing set aside funds for housing programs, production, and/or preservation linked to jobs;
 - (b) Development and/or preservation of ownership or rental housing linked to jobs;
 - (c) Incorporation of job creation targets in project specifications;
 - (d) Linkage of existing housing resources with jobs created;
 - (e) Development of agreements with such jurisdictions for Reuse Plan-enhancing job creation or housing programs, production, and/or preservation; and
 - (f) Granting of incentives to increase additional below-market housing productions to meet job creation needs.
- (2) As a reference and guide for determining income limits and housing affordability levels, each land use agency should use measures established by the U.S.

Department of Housing and Urban Development, the California Department of Housing and Community Development, and/or the Association of Monterey Bay Area Governments when determining compliance for very low, low, median, moderate affordability and comparable affordability factors for below-market housing up to 180% of median as approved as FORA policy guidelines at the January 9, 2004 FORA Board meeting.

8.02.030. DEVELOPMENT ENTITLEMENT CONSISTENCY.

(a) In the review, evaluation, and determination of consistency regarding any development entitlement presented to the Authority Board pursuant to Section 8.01.030 of this Resolution, the Authority Board shall withhold a finding of consistency for any development entitlement that:

- (1) Provides an intensity of land use which is more intense than that provided for in the applicable legislative land use decisions, which the Authority Board has found consistent with the Reuse Plan;
- (2) Is more dense than the density of development permitted in the applicable legislative land use decisions which the Authority Board has found consistent with the Reuse Plan;
- (3) Is not conditioned upon providing, performing, funding, or making an agreement guaranteeing the provision, performance, or funding of all programs applicable to the development entitlement as specified in the Reuse Plan and in Section 8.02.020 of this Master Resolution and consistent with local determinations made pursuant to Section 8.02.040 of this Resolution.
- (4) Provides uses which conflict or are incompatible with uses permitted or allowed in the Reuse Plan for the affected property or which conflict or are incompatible with open space, recreational, or habitat management areas within the jurisdiction of the Authority.
- (5) Does not require or otherwise provide for the financing and installation, construction, and maintenance of all infrastructure necessary to provide adequate public services to the property covered by the applicable legislative land use decision.
- (6) Does not require or otherwise provide for implementation of the Fort Ord Habitat Management Plan.
- (7) Is not consistent with the Highway 1 Scenic Corridor design standards as such standards may be developed and approved by the Authority Board.

- (8) Is not consistent with the jobs/housing balance requirements developed and approved by the Authority Board as provided in Section 8.02.020(t) of this Master Resolution.

8.02.040. ADOPTION OF REQUIRED PROGRAMS.

No development entitlement shall be approved or conditionally approved within the jurisdiction of any land use agency until the land use agency has taken appropriate action, in the discretion of the land use agency, to adopt the programs specified in the Reuse Plan, the Habitat Management Plan, the Development and Resource Management Plan, the Reuse Plan Environmental Impact Report Mitigation and Monitoring Plan and this Master Resolution applicable to such development entitlement.

Hi Ron,

I was only authorized to send the certified payroll records for Covenant Construction to you. I understand that you need additional information regarding whether Covenant was in compliance with the prevailing wage requirements. The DIR may be able to give that information to you, since they are currently investigating that contractor.

Please let Harvey Dadwal know if you want certified payrolls for all other contractors that provided those records to us, so that my staff can provide copies to you when authorized.

Thanks,

Hi Ron,

I was only authorized to send the certified payroll records for Covenant Construction to you. I understand that you need additional information regarding whether Covenant was in compliance with the prevailing wage requirements. The DIR may be able to give that information to you, since they are currently investigating that contractor.

Please let Harvey Dadwal know if you want certified payrolls for all other contractors that provided those records to us, so that my staff can provide copies to you when authorized.

Thanks,

Hi Harvey,

Please confirm in writing that you are directing The Labor Compliance Managers to provide the following documents to Mr. Chesshire:

1. Certified payroll records for Covenant Construction, previously the prime contractor for the Springhill Suites Hotel Project
2. Prevailing wage audit summary reports regarding Covenant Construction, or any other contractor.
3. Any other communications regarding prevailing wage performances by contractors associated with the Springhill Suites Project during or after the period when Covenant Construction was functioning as your prime contractor.

Below are the statutory definitions of "public records" and "writing" from California Government Code Section 6250 – 6270.5 (specifically from Section 6252):

(e) "Public records" includes any writing containing information relating to the conduct of the public's business prepared, owned, used, or retained by any state or local agency regardless of physical form or characteristics. "Public records" in the custody of, or maintained by, the Governor's office means any writing prepared on or after January 6, 1975.

(g) "Writing" means any handwriting, typewriting, printing, photostating, photographing, photocopying, transmitting by electronic mail or facsimile, and every other means of recording upon any tangible thing any form of communication or representation, including letters, words, pictures, sounds, or symbols, or combinations thereof, and any record thereby created, regardless of the manner in which the record has been stored.

Also, attached is a copy of relevant language from the Settlement Agreement with the Building Trades detailing how requests for certified payroll records should be handled when they are received from labor-management organizations (highlighted in yellow). Employee addresses cannot be redacted in those instances. Redaction of certified payrolls or other "public" records is not allowed when responding to local or State agencies that have jurisdiction over public work projects with prevailing wage reporting requirements (e.g. for instance like the City of Marina or Department of Industrial Relations).

I look forward to your response to this email, to make sure everybody is on the same page about what you - as the awarding agency developer owner of the Springhill Suites Hotel Project at Fort Ord - want me to provide to the Building Trades, as per the agreement implied in Mr. Chesshire's email below.

Ms. Robertson,

I was out at the Spring Hill Suites Project today after hearing many complaints regarding the non-payment of Prevailing Wages from Union Representatives and workers. Since you are the Compliance Monitor on the project I'm sure any such violations wouldn't have passed your scrutiny and you would have reported it to the affected Contractor and Developer. Before starting an investigation I believe it is appropriate to determine whether the Developer was informed of any violations. If he was and he carried out the requirement as outlined in Paragraph 7 of the Stipulation to the Settlement Agreement I can move on to the next step.

7. "Developer entities" (defined as Marina Community Partners LLC, Shea Properties LLC, their constituent members, employees, successors-in-interest and/or assigns under the DDA) that comply with their obligations under Paragraphs 1-3 above will not be held liable for the failure of a contractor or subcontractor to comply with this Stipulation and Order and will not be made a party to any enforcement action against such contractor or subcontractor. Developer entities that comply with their obligations under Paragraphs 1-3 above will not be held liable for the failure of another Developer entity to comply with this Stipulation and Order and will not be made a party to any enforcement action against such Developer entity. Nothing in this paragraph shall prevent compliance actions against Developer entities for their failure to comply with Paragraphs 1-3 of this Stipulation and Order.

Therefore, I hereby request any and all communications (reports, letters, emails) between you and the Developer (H. Dadwahl) in regards to possible

violations. These may be sent electronically or by mail. If mailed we will pay any usual and customary charges.

Thank you,
