

PUBLIC OUTREACH MEETING

TUESDAY, SEPTEMBER 12, 2017

Imjin Parkway Widening Project

You are invited to join City of Marina and Kimley-Horn representatives in an informative open house about the Imjin Parkway Widening Project. During the meeting, we will discuss plans, practices, and most importantly what strategies may work for the residents and regional commuters of the City of Marina. The project includes widening Imjin Parkway from two to four lanes, roundabouts, additional bicycle lanes and bus pullouts. Come, learn about the project, and share any suggestions or concerns you have.
