

June 26, 2017

Job No.: 2146.00

WHITSON ENGINEERS6 Harris Court
Monterey, CA 93940**ADDENDUM NUMBER 3****REQUEST FOR PROPOSALS (RFP)****ENVIRONMENTAL IMPACT STATEMENT (EIS) / ENVIRONMENTAL IMPACT REPORT (EIR)
PROPOSED EASTSIDE PARKWAY PROJECT**

- A local preference will not be included in the evaluation criteria as this RFP has been opened to national competition due to the National Environmental Protection Act requirement of the scope.

Questions Received and Responses

- Will a Land Use Attorney be included under Whitson Engineer's Scope of Work?
 - Attorney Review and Coordination is anticipated to be included with Whitson Engineers' Scope of Work and does not need to be included in the consultant Scope of Work provided with this RFP.
- Requirement for 3 successfully completed EIS/EIRs in the past 5 years. Can we include an EIR/EA instead?
 - Yes, an EIR/EA would be acceptable. The requirement should read EIS or EIR.
- The RFP describes a budget ceiling, but doesn't state that a proposed budget should be included in the proposal. If a budget should be included, where would you like it inserted (at the end of 4. Work Scope)? Any particular format?
 - A budget is not required as part of the RFP. FORA's cost limitation was included with the RFP as a reference to the board approved amount for an EIR and the Technical Studies included with this RFP. If there are suggestions regarding the budget amount that you would like to include or if there are proposed modifications or additions to the Work Scope that relate to the budget and would help us better understand your qualifications or proposed methods, please describe these in a section included as an Appendix.
- Are you anticipating that the Final EIS/EIR will consist of a Response to Comments document that includes a chapter listing changes or edits to the Draft EIS/EIR, or do you want a fully revised Draft EIS/EIR along with the Response to Comments document?
 - Please include a fully revised Final EIS/EIR.

Sincerely,

Andrew Hunter
Director of Civil Engineering
Whitson Engineers
