

**Environmental Services Cooperative Agreement  
(ESCA) Long-Term Obligations (LTOs)**

***CONSULTANT SUPPORT SERVICES***

*FORA BOARD Presentation*

*May 10, 2019*

*Stan Cook  
Senior Program Manager*

- 2007 Board competitively selected ESCA contractors - Arcadis/Weston Solutions/Westcliffe Engineers
- Army to reimburse LTO management through 2028
- AIG ESCA cost-cap insurance expired 3/30/2019
  - AIG no longer pays/“manages” ESCA contract services
  - FORA now provides/manages ESCA services under Army reimbursement funding
- Resolution allows Executive Officer to sustain services
- Arcadis/Weston Solutions/Westcliffe Engineers continue contract services without interruption

- Board/Jurisdictions require timely support services
  - ESCA property Munitions Find Assessments – **Needed Now**
  - Web-based Munitions Awareness Training – **Needed Now**
  - Update ESCA management services – **Need Annually**
- FORA Board ESCA LTO Resolution:
  - Secures three uniquely qualified contractors
  - Assures FORA Successor's access to technical competence required by Army, EPA and DTSC
  - Three contractors enables competitive pricing consistent with ESCA contract amendment
  - Follows FORA Master Resolution, Chapter 3

- FORA, Transition Consultants and Seaside currently developing 2018 Transition Plan Implementing Agreement
- Allows FORA and Successor access to ESCA Team:
  - Processes (Residential Quality Assurance)
  - Institutional knowledge (ESCA MEC Find Assessments)
  - Expertise (through ESCA property remediation services)
  - Regulatory confidence (Army, U.S. EPA and DTSC known)
- Supports FORA so FORA can support Jurisdictions
- Jurisdictions/owners to competitively bid their individual UXO Construction Support needs – with all Qualified UXO Contracting Firms
